Re: Permit for Continued Operation
City of Greensboro, Construction and Demolition Landfill (C&DLF)
Guilford County, Permit No. 41-03-CDLF, Document ID No. 16371

Dear Mr. Wyrick:

The Division of Waste Management, Solid Waste Section (Section), has determined that the City of Greensboro has met the requirements for continued operation as stated in Solid Waste Management Rule 15A NCAC 13B .0547(4). The permit and the approved application include operation plan are enclosed.

In general, the facility permit does not reiterate permit conditions which are included in the Solid Waste Management Rules, 15A NCAC 13B, nor does it restate specific conditions which are included within the approved plans.

A certified copy of this permit is also enclosed for recordation. It must be filed in the Register of Deeds and indexed under the name of the owner of the land in the county in which the land is located. The certified copy of the permit affixed with the Register's seal and the date, book, and page number of the recording must be returned to the Section within 30 calendar days of issuance.

Please review the conditions of the permit thoroughly. If you have questions about your permit, please contact me at (919) 707-8257 or by email at pat.backus@ncdenr.gov. The Environmental Senior Specialist for the facility is Hugh Jernigan. He can be reached at 336-771-5093 or 919-621-3687.

Sincerely,

Patricia M. Backus, P.E.
Environmental Engineer
Solid Waste Section
